3 Composition/information on ingredients

· Chemical characterization: Mixtures

• **Description:** Mixture of the substances listed below with nonhazardous additions.

· Dangerous components:

107-21-1 ethylene glycol

• Additional information: Exact concentrations are being withheld as trade secrets.

4 First-aid measures

- After inhalation: Supply fresh air; consult doctor in case of complaints.
- After skin contact:

Generally the product does not irritate the skin.

- Immediately rinse with water.
- · After eye contact:

Rinse cautiously with water for several minutes. Remove contact lenses if present and easy to do – continue rinsing. If eye irritation persists get medical advice/attention.

- · After swallowing: Call a poison center/doctor if you feel unwell. Rinse mouth.
- · Most important symptoms and effects, both acute and delayed: No further relevant information available.
- · Indication of any immediate medical attention and special treatment needed:

No further relevant information available.

5 Fire-fighting measures

- Suitable extinguishing agents:
- CO2, extinguishing powder or water spray. Fight larger fires with water spray or alcohol resistant foam. **Special hazards arising from the substance or mixture:** No further relevant information available.

(Contd. on page 3)

(Contd. of page 2)

• **<u>Protective equipment:</u>** No special measures required.

6 Accidental release measures

- · Personal precautions, protective equipment and emergency procedures: Wear protective clothing.
- \cdot **Environmental precautions:** Do not allow to enter sewers/ surface or ground water.
- · Methods and material for containment and cleaning up:
- Absorb with liquid-binding material (sand, diatomite, acid binders, universal binders, sawdust).

Dispose contaminated material as waste according to item 13.

- Ensure adequate ventilation.
- · <u>Reference to other sections:</u>
- See Section 7 for information on safe handling.
- See Section 8 for information on personal protection equipment.
- See Section 13 for disposal information.

7 Handling and storage

· Handling

• Precautions for safe handling:

Ensure good ventilation/exhaustion at the workplace.

- Prevent formation of aerosols.
- Information about protection against explosions and fires: No special measures required.
- · Storage
- · Requirements to be met by storerooms and receptacles: No special requirements.
- · Information about storage in one common storage facility: Not required.
- · Further information about storage conditions: None.
- \cdot **Specific end use(s):** Leak detection compound

8 Exposure controls/personal protection

• Additional information about design of technical systems: No further data; see item 7.

• Additional information: The lists that were valid during the creation were used as basis.

· Personal protective equipment

- · General protective and hygienic measures:
- Keep away from foodstuffs, beverages and feed.
- Wash hands before breaks and at the end of work.
- Breathing equipment: Not required.

· Protection of hands:

The glove material has to be impermeable and resistant to the product/ the substance/ the preparation.

Trade name: CANTESCO® FORMULA 365

· Material of gloves:

Protective gloves not normally required. People with sensitive skin may prefer to wear water-proof gloves, such as rubber or neoprene, to avoid skin contact.

• Eye protection: Goggles recommended during refilling.

9 Physical and chemical properties

· Form:	Liquid			
· Color:	Colorless			
· Odor:	Odorless			
· Odor threshold:	Not determined.			
· pH-value at 20 °C:	7			
· Change in condition				
Melting point/Melting range:	-54 °C			
Boiling point/Boiling range:	100 °C			
· <u>Flash point:</u>	Not applicable.			
· Flammability (solid, gaseous):	Not applicable.			
· Ignition temperature:	410 °C			
· Decomposition temperature:	Not determined.			
· Auto igniting:	Product is not selfigniting.			
· Danger of explosion:	Product does not present an explosion hazard.			
• Explosion limits				
Lower:	3,2 Vol %			
Upper:	53,0 Vol %			
• Vapor pressure at 20 °C:	23 hPa			
• Density at 20 °C:	1,075 g/cm ³			
· Relative density:	Not determined.			
· Vapour density:	Not determined.			
· Evaporation rate at 20 °C:	.610 (BA=1)			
· Solubility in / Miscibility with				
Water:	Fully miscible.			
· Partition coefficient (n-octanol/water): Not determined.				
· Viscosity:				
Dynamic:	Not determined.			
Kinematic:	Not determined.			
· Solvent content:				
Organic solvents:	0,0 %			
Solids content:	0,4 %			
• Other information	No further relevant information available.			

10 Stability and reactivity

• Thermal decomposition / conditions to be avoided: No decomposition if used according to specifications.

- Possibility of hazardous reactions: No dangerous reactions known.
- Conditions to avoid: No further relevant information available.
- **Incompatible materials:** No further relevant information available.
- Hazardous decomposition products: No dangerous decomposition products known.

11 Toxicological information

· Information on toxicological effects:

· Acute toxicity

· LD/LC50 values that are relevant for classification:

107-21-1 ethylene glycol

Oral LD50 5840 mg/kg (rat)

Dermal LD50 9530 mg/kg (rabbit)

- Specific symptoms in biological assay: No further relevant information available.
- · Primary irritant effect
- on the skin: No irritant effect.
- \cdot on the eye: No irritating effect.
- Sensitization: No sensitizing effects known.
- \cdot Additional toxicological information:

The product shows the following dangers according to internally approved calculation methods for preparations: Harmful

· Carcinogenic categories

 \cdot IARC (International Agency for Research on Cancer)

None of the ingredients is listed.

· NTP (National Toxicology Program)

None of the ingredients is listed.

12 Ecological information

- · Aquatic toxicity: No further relevant information available.
- **<u>Persistence and degradability:</u>** No further relevant information available.
- · Behavior in environmental systems
- · Bioaccumulative potential: No further relevant information available.
- Mobility in soil: No further relevant information available.
- · Additional ecological information
- · General notes:

Water hazard class 1 (Self-assessment): slightly hazardous for water

Do not allow undiluted product or large quantities of it to reach ground water, water course or sewage system.

 \cdot **<u>Other adverse effects:</u>** No further relevant information available.

13 Disposal considerations

- · Waste treatment methods
- · Recommendation:

Must not be disposed of together with household garbage. Do not allow product to reach sewage system.

· Uncleaned packagings

· Recommendation:

Place in a sealed container and label as waste. Place in a safe area, and comply with all federal, state, provincial and local regulations for disposal.

14 Transport information

· <u>UN-Number</u> · DOT, TDG, ADN, IMDG, IATA	Not regulated			
 <u>UN proper shipping name</u> DOT, TDG, ADN, IMDG, IATA 	Not regulated			
· Transport hazard class(es)				
· DOT, TDG, ADN, IMDG, IATA · Class	Not regulated			
 <u>Packing group</u> DOT, TDG, IMDG, IATA 	Not regulated			
· <u>Environmental hazards:</u> · Marine pollutant:	No			
· Special precautions for user:	Not applicable.			
• Transport in bulk according to Annex II of MARPOL73/78 and the IBC Code: Not applicable.				
· UN "Model Regulation":	Not regulated			

15 Regulatory information

 \cdot Safety, health and environmental regulations/legislation specific for the substance or mixture \cdot Sara

• Section 355 (extremely hazardous substances): None of the ingredients is listed. • Section 313 (Specific toxic chemical listings): 107-21-1 ethylene glycol 3251-23-8 copper dinitrate • TSCA (Toxic Substances Control Act): All ingredients are listed or exempted • Proposition 65 • Chemicals known to cause cancer: None of the ingredients is listed. • Chemicals known to cause reproductive toxicity for females: None of the ingredients is listed. • Chemicals known to cause reproductive toxicity for males: None of the ingredients is listed. • Chemicals known to cause reproductive toxicity for males: None of the ingredients is listed.

107-21-1 ethylene glycol • Canadian substance listings

· Canadian Domestic Substances List (DSL/NDSL):

All ingredients are listed.

· Canadian Ingredient Disclosure list (limit 0.1%):

None of the ingredients is listed.

· Canadian Ingredient Disclosure list (limit 1%):

107-21-1 ethylene glycol

• **GHS label elements** The product is classified and labeled according to the Globally Harmonized System (GHS). • **Hazard pictograms**

· Signal word Warning

• **Hazard-determining components of labeling:** ethylene glycol

· Hazard statements

Harmful if swallowed.

May cause damage to the kidneys through prolonged or repeated exposure.

· Precautionary statements

Do not breathe mist/vapours/spray.

Wash thoroughly after handling.

Do not eat, drink or smoke when using this product.

IF SWALLOWED: Call a POISON CENTER/doctor if you feel unwell.

Get medical advice/attention if you feel unwell.

Rinse mouth.

Dispose of contents/container in accordance with local/regional/national/international regulations.

16 Other information

This MSDS format meets ANSI Z400.1-1998, OSHA 1910.1200 and WHMIS requirements.
